

South Precinct Criminal Investigations

Operations Plan

Seattle Police Mission Statement: The mission of the Seattle Police Department is to prevent crime, enforce law, and support quality public safety by delivering respectful, professional and dependable police services.

Operation Mission: The mission of this operation is to focus on and to enforce *property* crimes with in the surrounding area of Ocean Sector. Officers plan to on-view thefts, as they occur, and arrest the suspects accordingly. The goal is to deter property crimes, in the Ocean Sector and also apprehend the suspects who are responsible for the many property crimes that occur daily. All crimes that occur may also be enforced if reasonable and necessary to do so, at the discretion of the Officers and Operations Supervisor.

Today we will have a bait bicycles deployed in the target area, which statistically has a very high bicycle theft rate, in addition to a high car prowling rate. According to Detective Kolette Monner and SeaStat Analysis, this area has been determined a high-risk area, for property crimes to occur.

Property Crimes are a concern and focus for the South Precinct due to the number of reported events in Ocean Sector alone, as well as the Precinct as a whole. Captain Grossman has announced that he is focused on property crimes and how it affects the citizens of the South Precinct. He has placed many of the

precinct efforts into the area of deterring car prowls and has offered many resources to assist the South Precinct Officers and Detective in preventing them.

We intend to create a POLICE presence in the Ocean Sector that will deter future property crimes from occurring, and to protect the citizens and their property. The goal for today is to reduce property crime, recover the bait bicycles, and conduct interviews for successful prosecution.

Type of Operation: Bait Bicycle Operation

Date: August 16th 2018

Event: **NO EVENT**

Location: Along Holgate Ave S, from 4 Ave S to Airport Way S

Briefing Time: 0600 hours Location: South Precinct Criminal Investigations Office

Start Time: 0700 hours

Supervisor approving Operations Order: Sgt. D. Jones, South Precinct Criminal Investigations

Lieutenant Approving Operations Order: LT. N. Upton, South Precinct Ops LT

Captain approving Operations Order: Capt. K. Grossman, South Precinct Captain

Operations Supervisor:

Sgt. Jones is the scene commander for the operation. He has the final say on all aspects of the operation. Cellphone # [REDACTED] 1(s)

Communications:

Primary Communication: [REDACTED] 1(s)

Alternate Communication: South

Chief Dispatcher: 206-[REDACTED] 1(s)

South Radio: 206-[REDACTED] 1(s)

Description of Operation:

South Precinct Officers and Detectives will be conducting undercover observation in the area between 4 Ave s and Airport Way S, along S Holgate St. The bait bicycles will be placed somewhere along S Holgate St, in this few blocks span. When Detectives witness a suspect taking the bicycle, they will radio out the location, suspect description, and their direction of travel.

South Precinct Bike Officers will then move in and detain the suspects and mirandize the suspects upon arrest. Detectives will Briefly interview the suspects. Specifically ask if the bicycle belongs to them, and if anyone gave them permission to take the bicycle.

South Precinct ACT and Patrol Officers will then transport the arrested to KCJ, and take care of any property needs belonging to the suspects. (Inventory of belongings and/or Safekeeping).

South Precinct Detectives will be responsible for all paper work associated with the operation, to include GEO reports, and Super forms. **In the case of a felony or juvenile arrest, all participants need to write an Officer statement per their involvement in the arrest.** If applicable, any Use of Force that occurs will be reported to and investigated by the Officer using force's direct supervisor.

Any VUCSA's that we come across will be documented by **South Precinct Detectives**, (photographs, weighing, measuring, packaging, etc.) and an amended Super form will be faxed to KCJ later, if needed.

The bicycles we have for this operation are as follows. They have been appraised for a fair market value of under \$750:

1. Specialized Sirrus Pro: \$300 - \$350, S/N: P6FI12085

This bicycle is silver in color and has a white seat with large black letters/ writing on it, and additionally has a black cargo bag over the back tire and a bell mounted to the handle bars.

2. Genesis V2900: \$150, S/N: GS130414654

This bicycle is bright purple in color, with white pedals. Also, the bicycles front fork and rear seat stays are white.
